

PZLASER[®]

UMS Sculptor

UMS Sculptor

/Non-invasive Fat Dissolving /Muscle Building /Private Anti-Age

(Fat Burning and Muscle Building) Innovative Hifem Technology

The pulse energy focuses more precisely on the muscle group, high frequency increases muscle extension, and enhances the super-speed decomposition and metabolism of cells; At the same time, the high-speed frequency contraction stimulates the growth and strengthening of muscles without affecting the surface skin.

(Private Health) Patented Electromagnetic Technology

The high-intensity focused electromagnetic field stimulates motor neurons to control the pelvic floor muscles to perform 20,000 Kegel exercises, which is non-invasive and non-invasive to improve pelvic floor muscle relaxation and other symptoms.

Multi-Function, New Technology

PZLASER®

UMS Sculptor

• Flat applicator

• Curve applicator

• It's for arms, abdomen, pelvic floor and buttock.

WHY CHOOSE US?

High output **working frequency** up to **150HZ**

Plug-in type, working head design is more convenient and stable.

Air cooling technology ensures that the machine can work continuously for more than 10 hours without failure

The medical research shows that after one course of treatment, it can effectively increase **16%** muscle and reduce **19%** fat at the same time.

Non-invasive, no downtime, no side effects and pain free

2/4 patented handles with two types (flat and curve), plus seated working head can work at the same time, meeting the simultaneous operation to different clients and different target areas.

UMS Sculptor

“ SELECTIVE PURCHASE

SEATED WORKING HEAD

Nicely Fit in Multiple Models

High-energy-focused electromagnetic technology fully activates pelvic floor muscle. It perfectly simulates the curve of the buttocks and accurately targets the gluteus. The 15° inclination design allows the legs to relax naturally. The raised support area in the center accurately fits the pelvic floor muscles. It's suitable for men and women of all ages and effectively solves various pelvic floor muscle injuries.
